

Your partner for service and consulting

Enjoy your taste!
Automatically, at your service.

The automatic

xm, to offer creamy coffee and other delicious trendy specialties like Moccaccino® and milky coffee. The help to achieve a high quality during the daily routine. Automatically, the good coffee to whom to entrust a moment of relax.

Reliable and shining

xm, the compact drinking station, suitable for small and medium communities. Elegant, it creates around a friendly and shining atmosphere, night and day.

Light attracts people – hospitable atmosphere by day and by night.

Design and colours

Designed from the well known architect Luan Peter Hasnay. Available in the instant and espresso version and in black and silver colour.

Drinks

Freshly ground beans ensure drinks without losing that essential aroma of coffee. A patented system for the infusion of instant drinks.

User-friendly technology

Highly flexible and personal drink profiling can be achieved either via the machines display or with our rheAction support software. The coffee grinder can be easily removed and the mixing bowls can be simply taken out and replaced. Integrated cleaning program to make easier the cleaning service.

Data audit

Sales data are available in EVA-DTS format through IRDA (optional) or Flash key.

Payment systems

Compatible with coins or cash-less systems in parallel, executive or MDB protocol.

Coins, tokens

Cash cards, key systems

Beverages served perfectly

Beverage dispensing as desired in cups, glasses, coffee mugs.

Energy consumption

xm allows remarkable energy savings through following option:
– weekly programmable switching on/off in the same time band, to keeps the machine in standby when inactive.
